

## CITY JOTTINGS.

Our friends throughout the Territory will please send in the Memorials.

THE Jacobs Smelter, Stockton, has fired up, and is turning out a fine lot of bullion.

AND now they say it is only a carrot basket Briggf, jr., wears in front of him.

THE first of April would have been an appropriate day for the Saints to vote their Desert alphabet.

IT was a common sight yesterday at the polls, to see a six-wived nasty polygamist go up and vote the whole lot like a drove of cattle.

BIGHAM YOUNG and Reynolds, the two Penitentiary convicts, ran behind the other candidates on the Mountain Meadows ticket.

THREE hundred and thirty names were added to the Election Memorial yesterday, swelling the list now in THE TRIBUNE office, to 1,700.

THE Utah Northern has been blockaded since last Thursday, and the Montana and Idaho mails now come through by other conveyance.

THERE will be as many of these Desert alphabet tickets go to Washington as went into the ballot-box yesterday. They are curiosities that none should miss seeing.

BOTH branches of the Montana Legislature have passed a bill giving \$3,500,000 to aid in constructing the Northern Pacific railway. This settles the little Utah Northern humbug.

JETER CLINTON has been appointed postmaster at Lake Point. One of his old customers on learning this fact, said he would hate to send any money letters over that way, for fear Jeter would imprison and find it.

WE understand that Joseph S. Lee, who has been creating quite a sensation in Tooele, among the Brighamites, will lecture in Salt Lake this week. Notice of the time and place will be given in THE TRIBUNE.

IT wasn't a "still small voice" that whispered into the One-Eyed Pirate's ear to get down and out. The Mas of Mountain Meadows wants him to run the sink hole of iniquity at St. George, and accordingly has another tool in his place.

THE *Oslifornia Christian Advocate* says of Rev. Mr. Lyford's lecture: "Rev. O. P. Lyford, on the 25th ult., delivered a lecture on Mormonism—not as a theory, but as exemplified in the conduct of Brigham Young and his priesthood. The statements made in the lecture, are fearful, and the prophets of that polygamous and tyrannical system are the veriest out-throats that ever escaped the vengeance of God and man. Brother Lyford, as it seems to us, has more courage than prudence. We fear that he may yet suffer by the 'bursting of a blood vessel,' a snake bite, or some other dire calamity."
